This class provides 21 Professional Development Units (PDUs)

Program Overview

The ITMLE® Certification workshop is ideal for seasoned IT Managers and IT Directors (Managers of Managers) wanting to:

Enhance their current job performance

Position themselves for promotion

Accelerate their upward mobility

Get a seat at the business strategy/decision making table

Understand the business of IT

Foster innovation, resiliency and productivity

(These workshops are not a replacement for your company's internal manager training classes. They are designed to provide complementary topics specifically related to the IT management profession.)

EXAM CERTIFICATION PROCESS

Each exam consists of multiple-choice and situational short-answer questions. Typically, the exam takes 3-4 hours to complete, is open-book, open-notes, and can be completed all at once, or in multiple sessions at your convenience. The exam is included in the class fee, at no extra cost!

Workshop cost includes the exam and one-year access to our IT Leadership Growth Library!
